

Single Oligonucleotide RNAi Technology for Gene Silencing

pRNAi vector system for transient and stable shRNA expression

Catalog number: SORT-A##

May 2012

Size: 20 reactions

Storage Temperature: -20°C upon arrival

User Notification

The pRNAi vector system is shipped to customers at ambient temperature to reduce shipping and handling costs without affecting product quality.

Biosettia products are sold to be used for research purposes only and may not be transferred to third parties, resold, modified for resale, or used to manufacture commercial products or to provide a service to third parties without written approval of Biosettia, Inc. They may not be used for any other purpose, including, but not limited to, use in drugs, in vitro diagnostic purposes, therapeutics, or in humans. Products may be covered by pending or issued patents or may have certain limitations. Please contact Biosettia for more information. All prices and specifications are subject to change without prior notice. Product claims are subject to change. Please access the Biosettia online catalog for the most up-to-date information.

Biosettia warrants that all of its products will perform according to commercially reasonable standards. The company will replace, free of charge, any product that does not meet those specifications. Customer must notify Biosettia within thirty days of delivery. This warranty limits Biosettia's liability only to the cost of the product. No warranty is granted for products beyond their listed expiration date. No warranty is applicable unless all product components are stored in accordance with instructions. Biosettia reserves the right to select the methods used to analyze a product unless Biosettia agrees to a specified method in writing prior to acceptance of the order.
